### GRAIN AND PROVISIONS.

Quotations furnished by W. B. Hibbs & Co. members of the Chicago Board of Trade, Hibbs Building, 725 Fifteenth street northwest.

Ohicago, April 30.—Weather conditions and the demoralized state of the telegraph service were soized upon by the bulls to-day as a means of forcing wheat prices up to the highest level reached since the recent break. Cold rains were reported all over the wheat belt, with low temperatures in the 1934 Over the wheat celt, with 1904 temperatures in the 1904 Canadian Northwest and show at several points. 1915 This was regarded as very damaging to the crop, and with higher cables to start the market, May 43 was forced up to 1.23% and July to 1.12%. These prices held pretty firmly through the middle of 1934 the session. In the last hour clearing and warmer weather was reported in the West and prices took a sudden drop of a point near the close of the 1938 day.

day.

Corn followed the usual course of wheat, being high and strong in the early and middle portions of the session and slumping near the end.

Oats were fairly steady, but lost about three-fourths of a point near the close of the session. Provisions opened weak and sold higher on slim. Provisions of the session.
